Subcommittee on Civil Service and Agency Organization  
House Committee on Government Reform  
B-350A Rayburn House Office Building  
Washington, DC 20515

Dear Representative Davis:

The Partnership for Public Service is very pleased to endorse H.R. 4797, the Continuity of Operations Demonstration Project Act, that you introduced on July 9<sup>th</sup>.

In this post-9/11 world, it is imperative that we take proactive steps to ensure the work of government continues in the event of an extended emergency situation. One of the best ways to ensure this is to enhance the ability of federal workers to work from home or off-site when the need arises. This bill will help provide the federal government with the necessary information to develop a strategy so the federal government remains open and its employees are able to work effectively under unique conditions.

The Partnership is proud to endorse the Continuity of Operations Demonstration Project Act, and we look forward to working with you and your staff to build support in Congress for this important legislation.

Sincerely,

Max Stier  
President and CEO
