## **PARTNERSHIP FOR PUBLIC SERVICE APPLAUDS CONGRESSMAN SARBANES' EDUCATION FOR PUBLIC SERVICE ACT OF 2007**

**Washington, D.C.** -- The Partnership for Public Service today released the following statement in support of Congressman Sarbanes' Education for Public Service Act of 2007, introduced on June 11th:

*"The Partnership for Public Service applauds Congressman Sarbanes for his work to promote careers in public service. Many young people today feel the burden of high educational debt which precludes them from seeing public service as a viable career choice. The Congressman's efforts to forgive educational debt for individuals who have made a commitment to serving our country will help encourage future generations to consider public service."*

- Max Stier, President and CEO  
Partnership for Public Service
